NYSIM hosts NYU Inter-clerkship Intensive I

All 162 NYU Medical Students who are in their clerkship year came to NYSIM last week for a day & half program which focused on Capacity, Dementia & Dillierum. Using 3 Simulation rooms in the West Wing, 2 classrooms, & 14 OSCE rooms in the East Wing students interviewed and examined a standardize patient, performed a procedure workshop (lumbar puncture) and took care of an elderly hospitalized patient.

We are looking forward to hosting the ICI 2 in June 2013 which will focus on malnutrition and obesity.
