

News at NYSIM

NYSIM would like to introduce Dr. Daniel Lugassy—Medical Director

We are delighted to announce the appointment of Dr. Daniel Lugassy as the Medical Director of NYSIM. Dr. Lugassy is an Assistant Professor in the Department of Emergency Medicine at NYU. A graduate of Boston University School of Medicine, Dr. Lugassy did his Emergency Medicine residency at the University of Maryland. This was followed by a fellowship in Medical Toxicology at NYU. He joined the NYU faculty in 2010 and is currently an Assistant Professor of Emergency Medicine. In 2011 Danny was chosen the Academic Attending of the Year for the Department of Emergency Medicine. For the past year Danny has served as an Assistant Medical Director at NYSIM, overseeing the undergraduate medical simulation programs. As Medical Director he will broaden his responsibilities, be involved with program development for NYU and CUNY, simulation related faculty development and educational research.

We are honored to have Dr. Lugassy take on this important position. As a gifted teacher and dedicated physician, and now in a leadership role at NYSIM Dr. Lugassy will assure that our Center will continue to grow and maintain its preeminence as a leader in simulation education.

Dr. Daniel Lugassy

Sani-Man Adult CPR Training Manikin

This CPR Trainer provides learners anatomical landmarks, including sternum and ribcage, substernal notch. This CPR Trainer is composed of foam filling, which offers resistance for the practice of chest compressions. The head and disposable lungs are sold separately (NYSIM has the disposable lungs)

CPR Training Manikin

Limbs and Things—Advanced Venipuncture Arm

The Advanced Venipuncture Arm features a closed blood flow system rather than the Bag and Stand supply that comes with the Standard model. It allows easy adjustment of the pressure. The Advanced arm also has a greater number of vein types.

Skills Gained: Venipuncture, IV Cannulation, IV Infusion

Anatomy: Soft, flexible skin. Underlying palpable veins: cephalic, basilica, dorsal, metacarpal and median cubital

Advanced Venipuncture Arm

Upcoming Events at NYSIM

Comments, suggestions and questions to NYSIM@nyumc.org are always welcome to create a better learning and teaching environment for our faculty and learners.

NYSIM Instructor Course 2017 & 2018

The 3-day NYSIM Instructor Course focuses on debriefing skills and simulation design. Sessions include Objective Oriented Debriefing, Advanced Debriefing Topics and Simulation Scenario Design. Breakfast & lunch are provided. Please email Pedro.Sulzona@nyumc.org with questions.

To register click the following link: <http://www.nysimcenter.org/learn/register-courses>

November 14 – 16, 2017 (T/W/TH) - Registration Closed

January 23—25 2018 (T/W/TH) - Seats available

February 13—15, 2018 (T/W/TH) - Seats Available

March 14 – 16, 201 (W/TH/FR) - Seats Available

Additional 2018 dates to be determined.
