NYSIM Highlights: Ops and Sim Team Updates

This month NYSIM is proud to highlight some recent changes and additions to our teams! Amber Holgerson has transitioned to an SOA role with the sim team. Amber graduated with a Bachelor of Science in Psychology from Pace University. Working at NYSIM as an office assistant, Amber developed a passion for simulation based learning and how it has led to positive outcomes in healthcare. In her current role, Amber supports immersive simulations and demonstrates a commitment to excellence, with the overall goal of helping people. Outside of NYSIM, Amber enjoys writing poetry, painting, and hiking.

John Kang has also joined NYSIM as a Simulation Operations Associate, using his valuable skill sets to support simulation programs. Previously, he worked as a Project Associate for NYU Seaport Orthopedics and NYU Langone Otolaryngology Associates. John received a Bachelor's degree in Public Administration from John Jay College of Criminal Justice. In his spare time, he enjoys sports, trivia, and visiting museums.

Stacy Lee started with NYU Langone Health in 2019 as a program associate temp in the OSA Office of Global Health. Prior to that she was a full time mother for 20+ years, working part time and volunteering within education. Stacy credits that incredible life experience for all the core interpersonal skills she has learned and acquired over the years. At NYSIM, Stacy has transitioned smoothly into her current position as Office Assistant, supporting all aspects of the daily operations of the center. Stacy is passionate about health, fitness, nutrition and CrossFit. Please join us in welcoming Amber, John, and Stacy to NYSIM community in their new roles!

New Educational Equipment: Suture Trainers and Baby Hippy!

Our Team is also happy to announce two new additions to our educational equipment here at NYSIM.

- Sawbone's improved suture pads are now available upon request for educational programs seeking practice in basic suturing skills
- Laerdal's Baby Hippy is also now available for educational programs geared toward diagnosing developmental dysplasia of the hip (DDH). Teach your learners to experience a positive Barlow and Ortolani on a simulated newborn!

If you are interested, please make a reservation request below!

News at NYSIM

The New York Simulation Center (NYSIM) is committed to supporting safe operations for all learners, faculty & staff.

Please note the following operational changes in order to support safe operating procedures:

1. *NYSIM will adhere to recommended individual numbers per space which are posted throughout the simulation center.*
2. *Group sizes larger than 9 require attendees to be 14 days or more past the completion of their COVID-19 vaccination series; no exceptions.*
3. *All individuals entering Bellevue Hospital (therefore NYSIM) will require a temperature check in the Bellevue Lobby. Individuals may also be required to complete a symptom check.*
4. *All individuals will be required to use hand sanitizer as they enter NYSIM, and continue to follow good hand hygiene while in NYSIM.*
5. *All individuals will be asked to practice social distancing when possible and remain at least six feet apart even when wearing masks.*
6. *Surgical masks must be worn at all times while in NYSIM, unless alone in a closed room.*
7. *All individuals will be asked to report directly into the simulation rooms and not congregate at the front desk.*
8. *No food or drink is permitted. All individuals will be asked to store any food/drink in a locker, or throw it away.*

NYSIM will work with scheduled programs to adhere to the precautions above. If anyone has any questions/concerns they should contact NYSIM@nyulangone.org. Leadership at NYSIM will respond promptly to the email.

*Thank you,
NYSIM Team*

NYU Langone Health

Everyone is required to wear a face mask, and maintain social distance of 6 feet from others.

A diagram showing two stylized human figures, one female and one male, standing on a horizontal line. A double-headed arrow between them is labeled "6 FEET".

Wear your face mask at all times in this facility.

Clean your hands often with soap and water or alcohol-based hand sanitizer. **Do not touch your face.**

Three icons: 1. A person wearing a mask with arrows pointing to the nose and chin, labeled "Cover your nose" and "Cover your chin". 2. A hand being washed with soap suds, labeled "Clean your hands". 3. A person touching their face with a red prohibition sign over it, labeled "Do not touch your face".

Upcoming Events at NYSIM

Comments, suggestions and questions to NYSIM@nyulangone.org are always welcome to create a better learning and teaching environment for our faculty and learners.

NYSIM Instructor Course 2021

The 3-day NYSIM Instructor Course focuses on debriefing skills and simulation design. Sessions include Objective Oriented Debriefing, Advanced Debriefing Topics and Simulation Scenario Design. The course will continue to be held live and onsite at NYSIM, implementing safety guidelines that can be found on the NYSIM website (<http://nysimcenter.org/>).

Participants are required to wear surgical masks, and if you do not have one, it will be provided.

2021 Sessions:

August, 9-11, Monday through Wednesday - Waitlist Only

November 16-18, Tuesday through Thursday - Waitlist Only

Registration for 2022 will open on August 4th at 12pm

To request a spot click the following link: <http://www.nysimcenter.org/courses/instructor-courses>

You will be contacted by Porsche Scott (Porsche.Scott@nyulangone.org) to confirm your registration. If the course is full, you will be notified of waitlist status.

Please email Porsche Scott with any questions.
