New Equipment at NYSIM—Alaris IV Pumps

The BD Alaris™ Pump Module is a large volume infusion pump that helps continuously or intermittently deliver fluids, medications, blood and blood products to adult, pediatric or neonatal patients. Clinicians can attach up to four IV infusion modules, allowing four independent infusions on a single PC unit. The pumps are also complete with the NYU Langone Health drug library.

New Equipment at NYSIM—Philips HeartStart FRx AED

The Heartstart FRx AED from Phillips is a state of the art defibrillator. This unique model is the only one on the market with an optional infant/child key, which you can use with adult pads for pediatric patients. The HeartStart FRx defibrillator includes advanced Life Guidance features to help guide the treatment of sudden cardiac arrest. It can withstand rough handling, extreme temperatures, dust or wet conditions. With easy set-up, clear voice prompts, and rugged design, HeartStart FRx is designed for on-the-spot responders.

NYSIM would like to Introduce Pablo Heredia—Simulation Operations Specialist

Pablo has worked in film production for 9 years, as well as a help desk technician for 4 years. During his time in film productions he worked on one of Hillary Clintons TV ads for her 2016 race where he met attorney General Eric Holder. Before joining NYSIM he worked for Laerdal traveling around the country maintaining, installing, and repairing simulators for over a year. On his free time he loves listening to music and is an avid movies goer.

NYSIM would like to Introduce Dinora Oliva—Simulation Operations Specialist

Dinora has been an EMT and Medical Assistant since 2011, and worked in several positions as such. She spent several years with Kingsborough Community College, CUNY and the Research Foundation as a Continuing Education Teacher and Program Assistant. She engaged with numerous programs to assist underprivileged youth to obtain essential job skills training through medical and other vocational programs. She recently worked as a Simulation Specialist at Long Island University's, Interprofessional Simulation Center, where she assisted to implement numerous new initiatives to improve simulation/student outcomes. When Dinora is not working she is an avid hiker and reader and enjoys many of the trails in the surrounding area.
