### NYSIM Hosts 2<sup>nd</sup> Annual Symposium for Fellows in Healthcare Simulation on April 11, 2016

NYSIM Fellows Mary Ellen Sheldon and Silvana Pimentel co-chaired the Symposium for Fellows in Healthcare Simulation on April 11, 2016 at NYSIM. Over forty fellows, fellowship directors and others attended the one day symposium. The attendees traveled from all points in the US, as well as from New Zealand, Lebanon and Brazil. The distinguished plenary speakers were Dr. Chad Epps, President for the Society for Simulation in Healthcare and Associate Professor and Associate Director of Office of Interprofessional Simulation, University of Alabama, Dr. David Gaba, Associate Dean for Immersive & Simulation based Learning, Professor of Anesthesia, Stanford University, Ms. Bonnie Driggers CEO, SimHealth group, Professor Emeritus Oregon Health & Sciences University and our own Dr. Thomas Riles, Executive Director NYSIM, Associate Dean for Medical Education & Technology.

A panel of former fellows shared their thoughts and ideas about how their fellowship impacted them and their current positions. Ten fellows presented original research and capstone projects including such topics as central line training, in-situ simulations, ECMO management utilizing simulation, and assessing tracheostomy skills. The day concluded with a networking cocktail reception where fellows, directors and staff were able to have more in-depth discussions surrounding simulation. The evaluations were overwhelmingly positive. We hope to see you next year in the Spring of 2017!

### Farewell Dr. MaryLeigh Moore

Dr. MaryLeigh Moore spent four weeks at NYSIM as part of her Research and Study Leave in order to explore and compare the use of simulation in undergraduate medical education in the United States and New Zealand.

At the University of Otago – Christchurch (UOC), Dr. Moore is the Director of the UOC Simulation Centre, as well as the Clinical Skills Director and Clinical Skills vertical module convenor. Her academic interests cover two main areas: simulation-based medical education to develop clinical and professional skills, and medical law and ethics.

We would like to thank Dr. Moore for her contributions during her time at NYSIM.

Dr. Moore can be contacted by email at: [maryleigh.moore@otago.ac.nz](mailto:maryleigh.moore@otago.ac.nz)
