

News at NYSIM

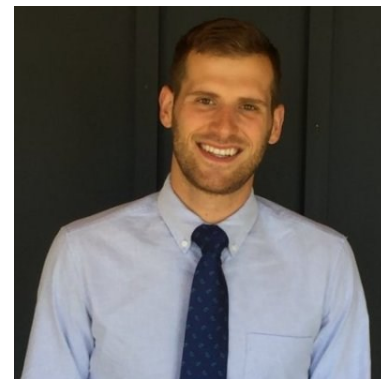

NYSIM hosted our third annual Simulation Education Symposium—Hot Topics 2015

NYSIM hosted 96 attendees at our 3rd Annual Hot Topics in Simulation Education Symposium on October 14, 2015. Attendees and presenters came from all over the United States and as well as Canada, Brazil and Australia. We were pleased to have had three internationally well know plenary speakers: Daniel Raemer, PhD, Associate Professor of Anesthesia, Director of Clinical Programs, Pamela Jeffries, PhD, RN, FAAN, ANEF, Prof School of Nursing, Vice Provost of Digital Initiatives, and William Dunn, MD, FCCP, FCCM, Associate Professor of Medicine, Consultant, Division of Pulmonary and Critical Care Medicine, 12 interactive workshops, 9 posters, and a vendor exhibit. We wrapped up the day with a networking cocktail reception. We wish to thank our presenters and the planning committee for all their efforts that made this symposium a success, and we look forward to hosting it again next year!

Save the Date—Hot Topics 2016, Wednesday October 19, 2016.

Meet a Simulation Facilitator: Andrew White

Andrew grew up in Northwest Michigan and graduated from the University of Michigan with a BS in Neuroscience. He is in the process of continuing his education as he applies to medical schools. Andrew started at NYSIM back in November of 2014. When asked “Why did you want to become a simulation facilitator” he answered “As an aspiring physician and the son of an educator, the opportunity to contribute toward health science education was a natural fit.” One fun fact about Andrew: He lived in New Zealand for five months.

Andrew White

NYSIM Coordinator’s Corner

We would like to share the following updates with all coordinators who administer programs at NYSIM:

Protocol Updates: As you may be aware, we’ve updated our protocol on how we begin all events here. We are going back to asking for the names of all faculty and learners expected, as well as expected arrival times; this should make it easy to note any late arriving students so we can route them for you:

Upon their arrival, all learners will be directed to sign in, and then wait in the lobby/lounge.

Program Coordinators will now:

Get their learners from the lobby and escort them to the starting location (i.e. CSR, CFR).

Let front desk attendant know that they are taking their learners.

Let the front desk know of any learners who are late and where to direct that person(s)

Let the front desk know the name of the late person(s)

In the confirmation email they will receive up to two weeks before the OSCE, the POCs should:

List full names of learners and faculty

Indicate the start/arrival times of each group if more than one start time

This will help us all to prevent learners walking into a space ahead of time while faculty, POCs, SPs etc., are still preparing, as well as help you have only one location to check/one trip to the lobby.

Reservations: Please put in your CY 2016 reservation requests via the website if you haven’t already done so.

<http://nysimcenter.org/teach/how-to-schedule-course/request-teaching-course>

Changes to your dates, or rooms: <http://nysimcenter.org/teach/how-to-schedule-course/request-teaching-course/change-teaching-course>

Reservation “Start” time: Please note, when you are filling out the Reservation Request form, the program “start time” refers to the time your event begins, not the time you arrive to set up. For an OSCE, it’s the start time of the 1st encounter.

Thank you for your time and attention to each of these points. Your partnership is greatly appreciated always!

NYSIM IT Announcements: Laser Implementation

NYSIM IT is happy to announce that the Laser release has been implemented into the SimulationIQ application which has stabilized recording functionality throughout the center. For more information, please feel free to reach out to us at nysimIT@nyumc.org.

Upcoming Events at NYSIM

Comments, suggestions and questions to NYSIM@nyumc.org are always welcome to create a better learning and teaching environment for our faculty and learners.

NYSIM Instructor Course 2015 & 2016

The 3-day NYSIM Instructor Course focuses on debriefing skills and simulation design. Sessions include Objective Oriented Debriefing, Advanced Debriefing Topics and Simulation Scenario Design. Breakfast & lunch are provided. Please email Pedro.Sulzona@nyumc.org with questions.

To registration click the following link: <http://www.nysimcenter.org/learn/register-courses>

Nov 16—18, 2015 (M/T/W) - Registration Open (*There are TWO seats remaining for next weeks' program. If interested please register using the link above. Your course confirmation will be sent via email*)

Dec 15—17, 2015 (T/W/TH) - Registration Open

Jan 26—28, 2016 (T/W/TH) - Registration Open

Feb 1—3, 2016 (M/T/W) - Registration Open

Save the Date— Second Annual Symposium for Fellows in Simulation Education—April 11, 2016

To view the agenda from the inaugural Symposium for Fellows in Simulation Education please click the link below:

<http://webdoc.nyumc.org/nyusimcenter/nyusimcenter/nysim-fellowsSymposium-agenda-v11.pdf>

Plenary Speakers:

Chad Epps, MD, President Elect at Society for Simulation in Healthcare (SSH), Associate Professor and Director of Simulation University of Alabama at Birmingham

David Gaba, MD, Associate Dean for Immersive and Simulation-based Learning and Professor of Anesthesia, Staff Anesthesiologist and Director, Patient Simulation Center of Innovation VA Palo Alto Health Care System

Bonnie Driggers, RN, MS, MPA, CEO SimHealth Group, Professor Emeritus Oregon Health & Sciences University

Tom Riles, MD, Frank C. Spencer Professor of Surgery, Associate Dean for Medical Education and Technology, Director of the Office of Continuing Medical Education, and Executive Director of the New York Simulation Center for the Health Sciences (NYSIM)

If you have any questions or suggestions please contact Demian.Szyld@nyumc.org

Save the Date— Fourth Annual Hot Topics in Simulation Education Symposium—October 19, 2016

NYSIM organized world-class conferences and symposia on simulation and education with a focus on cutting edge topics such as Interprofessional Education, Faculty Development, Research and Assessment.

To view the agenda from the 2015 Symposium please click the link below:

The Frank and Sarah Olson Visiting Professors and Grand Rounds Series in Simulation and Education

2016 Dates and Speakers—TBD

If you are interested in speaking or would like to suggest a topic, please contact Demian.Szyld@nyumc.org

*CME Credits will be awarded by the NYU Post Graduate Medical School for completion of the course Accreditation Statement

The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians Credit Designation Statement. The NYU Post-Graduate Medical School designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement

The NYU Post-Graduate Medical School adheres to ACCME Essential Areas and policies, including the Standards for Commercial Support regarding industry support of continuing medical education. In order to resolve any identified Conflicts of Interest, disclosure information is provided during the planning process to ensure resolution of any identified conflicts. Disclosure of faculty and commercial relationships as well as the discussion of unlabeled or unapproved use of any drug, device or procedure by the faculty will be fully noted at the meeting.
