NYSIM Highlights: Editorial Endeavors

NYSIM is pleased to share the news that Grace Ng, PhD our Nursing & Health Professions Director, has taken on two new editorial positions in the field of simulation research and practice!

First, Dr. Ng has been appointed as an Associate Editor at [Simulation & Gaming \(S&G\): An Interdisciplinary Journal of Theory, Practice and Research](#).

At the same time, she has also been appointed as an Editorial Board Member at [BMJ Simulation & Technology Enhanced Learning](#).

Grace is thrilled to have the opportunity to help promote research and scholarship in healthcare simulation in order to help advance this rapidly growing field. Within our team Grace is known for a commitment to emerging research, and her ability to integrate innovative findings into our curricula. Congratulations, Grace! We will be on the lookout for new article recommendations!

NYSIM Highlights: Presenting at the Virtual ASPE Conference

This month we also want to congratulate Ginny Drda, our SP educator, for her excellent work presenting at the Association of Standardized Patient Educators (ASPE) Virtual Conference! Ginny's Narrative Medicine workshop for SP Educators provided an opportunity to build community, reflection and connection through the discussion of art. It was moderated by the president of ASPE, and attended by an international group of ASPE members.

In Ginny's own words: *"It was exciting to present the narrative medicine workshop for the virtual ASPE conference! Creating a space for international simulation colleagues to reflect and connect through the exploration of art offered a chance to practice mindfulness and to listen to others' perspectives. Building community and shared experiences are so important during this time of social distance. I'm thrilled to have contributed in this unique way that speaks to NYU Langone's missions to serve and to discover."*

Way to go, Ginny! We are very proud of you, and can't wait for your next workshop here at NYSIM!

6th Annual

Hot Topics in Simulation Education

A New York City Simulation Symposium

Sponsored by the New York Simulation Center
for the Health Science (NYSIM)

Registration for NYSIM'S 6th Annual Hot Topics in Simulation Education Virtual Symposium is now open!

The virtual symposium will be held on Friday, October 30, 2020, from 11am – 4:15pm with a virtual happy hour to follow. CME and CE credits will be available for physicians and nurses. Please visit the symposium site to learn more and to register:

<http://nysimcenter.org/symposium/hot-topics>

Date:

Friday, October 30, 2020

Time:

Virtual Symposium: 11am-4:15pm

Virtual Happy Hour: 4:15pm-5:00pm

Location:

Via Webex

Who should attend?

All educators in health professions who want to learn more about the latest innovations and best practices in simulation education.

What does the day include?

Plenary sessions, breakout sessions.

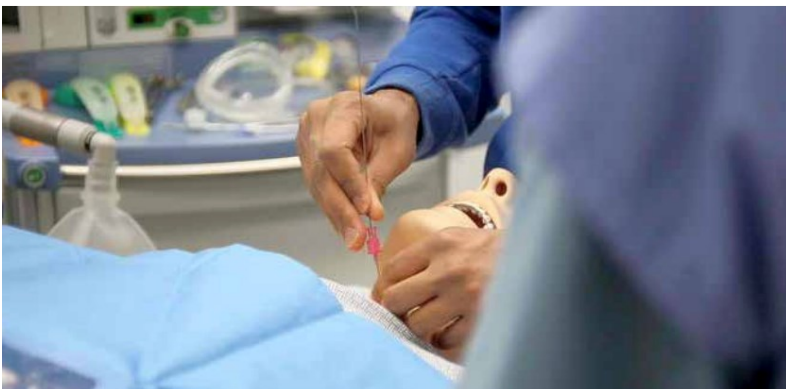

Symposium fee:

Fee: \$20

Free for NYULH and CUNY.

Visit Online to Register:

Upcoming Events at NYSIM

Comments, suggestions and questions to NYSIM@nyulangone.org are always welcome to create a better learning and teaching environment for our faculty and learners.

NYSIM Instructor Course 2020

The 3-day NYSIM Instructor Course focuses on debriefing skills and simulation design. Sessions include Objective Oriented Debriefing, Advanced Debriefing Topics and Simulation Scenario Design. The course will continue to be held live and onsite at NYSIM, implementing safety guidelines that can be found on the NYSIM website (<http://nysimcenter.org/>).

Participants are required to wear surgical masks, and if you do not have one, it will be provided.

November 16—18, 2020 - Registration Open

Registration for 2021 sessions will open at 12pm on Wednesday, September 16, 2020

To request a spot click the following link: <http://www.nysimcenter.org/courses/instructor-courses>

You will be contacted by Soma Roy (Soma.Roy@nyulangone.org) to confirm your registration. If the course is full, you will be notified of waitlist status. Please email Soma Roy with any questions.

News at NYSIM

NYSIM Updates: COVID-19 Precautions Continue

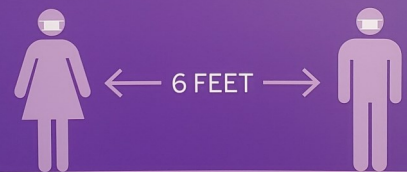

As the new semester is underway, NYSIM would like to continue to highlight some key elements of our increased safety and sanitation measures. We are committed to supporting safe operations for all learners, faculty & staff. Please note the following operational changes in order to support safe operating procedures:

- 1. All educational programs will require an intake or re-intake that may or may not require a redesign to keep faculty, learners and staff safe*
- 2. All individuals entering Bellevue Hospital (therefore NYSIM) will require a temperature check in the Bellevue Lobby*
- 3. All individuals will be required to wear a surgical mask at all times. NYSIM can provide a surgical mask if an individual is not wearing one*
- 4. All individuals will be required to follow good hand hygiene*
- 5. All individuals will be asked to practice social distancing when possible*
- 6. All individuals will be asked to report directly into the simulation rooms. The lobby is closed.*
- 7. Food and drink are not allowed. All individuals will be asked to discard or store their food/drink in lockers.*

If you have any questions please email nysim@nyulangone.org or call (646)501-4000. We greatly appreciate your compliance, and look forward to seeing you at your next program!

Everyone is required to wear a face mask, and maintain social distance of 6 feet from others.

Wear your face mask at all times in this facility.

Clean your hands often with soap and water or alcohol-based hand sanitizer. **Do not touch your face.**
