Innovation in Healthcare Education

Who We Are

The New York Simulation Center for the Health Sciences (NYSIM), a partnership of the City University of New York and NYU School of Medicine, is one of the nation's largest and most sophisticated urban health sciences simulation education facilities. Created in part as a response to the events of September 11, 2001, NYSIM strives to provide and research innovative healthcare simulation for the purposes of improving healthcare quality and patient safety.

What We Do

At NYSIM, we provide and host:

- Undergraduate, Graduate & Continuing Health Professions Education Simulation Programs
- Medical Education Symposiums
- Simulation Faculty Development Programs
- HeartCode@BLS, ACLS & PALS Courses
- Standardized Patient (SP) Training and Recruitment
- Facility Rentals for Video/Photoshoots
- Consulting Services for Simulation Center Operations and Facility Design
- Consulting Services for Simulation-Base Education and Training Programs

NYSIM...

...welcomes
over **16,000**
learners
annually

...hosts
over **1,000**
programs
each year

...uses a
state of the
art operations
management
system

...employs
world-renowned
simulation
education faculty
and staff

...commissions
over **130**
Standardized
Patients

...has **14**
clinical
outpatient
exam rooms

...supports in
situ programs
over multiple
campuses

Who We Serve

We provide services for a wide variety of healthcare organizations, including but not limited to:

- NYU Langone Health
- The City University of New York (CUNY)
- Health and Life Science Institutions
- Other Allied Health Organizations
- Academic Medical Centers

Our Space

Facilities

NYSIM's **25,000** square feet of simulation training facilities consists of **4** classrooms, **5** conference rooms, **14** patient examination rooms, **2** operating rooms, **1** labor and delivery room, **2** emergency and trauma resuscitation rooms, and multiple control rooms. Each room is flexible, and can be fitted to any program's needs.

Technology

More than **100** cameras provide quality video and audio recording throughout the center.

Equipment

NYSIM uses the highest quality healthcare simulation equipment complete with **34** mannequins and **200** task trainers.
